Forecast for Tuesday 06 Jul 2021

Weather: A dry bright start to the day. However, cloud will thicken across eastern ranges with some showery rain in the afternoon. Drier with a chance of sunny spells towards the west coast, but a few showers also likely. Dry but rather cloudy by late evening.

Chance of cloud free mountain/hill tops above 800m: 70 in the east, 90% in the west.

Visibility: Good or very good. Cloud generally above the summits, but patchy cloud may occasionally lower to around 800-900m in the east during the afternoon and evening.

Met Office Aberdeen Meteorologist's View
Moderate UV levels.

Forecast for Wednesday 07 Jul 2021
Weather: Dry but mostly cloudy through the early hours. Then a largely dry day with sunny spells developing. A few scattered showers, most likely over the Trossachs, in the afternoon, but these mostly light. Cloud increases after dusk with a chance of some light rain.

Maximum wind: Northwest 10-15 mph

Chance of cloud free mountain/hill tops above 800m: 80-90% during the day. 10-20% in the evening.

Visibility: Very good with cloud expected to be generally above the summits. However, falling poor in the evening as cloud lowers to around 500-700m, patchy at first but turning extensive after dark.

Temperature: **Glens:** Plus 12 Celsius rising to 18 Celsius.
At 800m: Plus 8 Celsius rising to 10 Celsius.
Freezing level: Above the summits.
